

You have been burned twice by companies that sold you leads. We are not the third. We do not sell leads. We build you an engine that qualifies the right prospect before they ever reach your calendar, and you own every part of it.

THE DIFFERENCE

THE TWO THAT FAILED

They sold you leads

Volume promised, nothing owned, no way to see inside.

×

Sold raw leads by the number, most of them nowhere near ready to hire a securities lawyer.

×

A black box. You paid, results came or they didn't, and you could not see why.

×

Everything lived in their accounts. When it ended, you were left with nothing.

×

Measured clicks and impressions, numbers that never became clients.

×

Paid on promises, with no proof behind them.

HOW BVN WORKS

We build you a qualifying engine

An owned system that filters for your exact client.

✓

Ads feed your assessment, which qualifies for private capital readiness before anyone hits your calendar.

✓

Full visibility. You approve every ad, every dollar, before it goes live.

✓

You own it all from day one, the accounts, the funnel, the data, in your name.

✓

Measured on booked consults and cost per booked consult, not vanity numbers.

✓

A baseline month first, then pay tied to results you can verify.

THE PATH A PROSPECT TRAVELS

WHERE THE BUDGET GOES, AND WHY

PRIMARY • COLD

LinkedIn

Where private capital actually lives. We target by title, industry, and firm size, so spend only touches real candidates.

Founders • GPs • fund managers • C-suite raising capital

PRIMARY • HIGH INTENT

Google Search

Catches people at the moment they are already looking for you. Lowest cost per qualified lead we run.

"private placement attorney" • "Reg D counsel" • "fund formation lawyer"

SUPPORT • RETARGETING

Meta & YouTube

Never cold. Your educational videos stay in front of people who already engaged, so you are top of mind when they are ready.

Warm audiences only • authority & recall

SHORT FORM • REACH & QUALIFY

Hooks, single image, search text

Six to fifteen seconds. Sharp, direct, sends cold traffic into the assessment.

LONG FORM • TRUST & RETARGET

60 to 90 second video, featuring Joseph

Educational, credible. Does the nurturing and builds authority with warm audiences.

YOUR CONTROL, AND HOW WE KEEP SCORE

• We operate it, you own it.

• , every ad and every budget change.

• tracks what is live, the version, and the date, so you are never in the dark.

• Real numbers set the KPI targets, and those targets trigger the quarterly bonus.
