PROFESSIONAL SUMMARY

Solo AI automation and GoHighLevel specialist who builds complete, revenue focused systems end to end: CRM and automation, AI voice and chat agents, funnels and websites, and the integrations that tie them together. Six plus years hands on with GoHighLevel and over a decade across marketing, operations, and web. I design, build, test, and maintain the whole system myself, and I ship fast. 238+ clients served across the US, UK, and Australia.

CORE COMPETENCIES

GoHighLevel	CRM, snapshots, sub accounts, pipelines, funnels, workflows, calendars, A2P, Conversation AI, Voice AI, missed call text back
AI & Automation	n8n, Make, Zapier, OpenAI, Claude / Claude Code, Retell AI voice agents, RAG / knowledge bases, prompt engineering, webhooks, REST APIs
Web & App	React, Next.js, TypeScript, Tailwind, Node.js, Python, PHP, Supabase, Stripe, WordPress (Elementor, Divi, WooCommerce)
CRM & Systems	GoHighLevel, HubSpot, Salesforce, ServiceTitan, ServiceM8, Airtable, Notion
Marketing	SEO, SEM, Google Ads, Meta Ads, cold email (Smartlead / Instantly / Salesforge), deliverability (SPF / DKIM / DMARC)
Data & Delivery	SQL, Excel, Power BI, Jira, Confluence, ClickUp, Agile / Scrum

SELECTED CLIENT WORK

- **Team Titans** (UK, property investment & networking) — built the entire GoHighLevel system: membership funnels, tiered checkout, pipelines, lead capture, and follow up automation.
- **TintGard** (Australia, window tinting) — full GoHighLevel plus ServiceM8 build: four pipelines, A2P registration, AI voice agent and missed call text back, a custom webhook sync, and an affiliate program. [\[view build\]](#)
- **Hypersonic Wholesale** (Amazon FBA) — multi division AI automation: a Fathom to Claude to Notion knowledge base and human in the loop outbound messaging. [\[view build\]](#)
- **Regal Care Homes** (US, residential care) — GoHighLevel CRM, family inquiry pipeline, email sequences, and an AI assistant. Delivered and won.
- **Retell AI** — designed and built a complex AI voice agent solution.

PROFESSIONAL EXPERIENCE

BVN — Founder, Automation & Operations Lead

Jan 2020 – Present

BVN Digital Marketing & Operations Automation · Remote (US / UK / AU clients)

- Build and manage AI powered GoHighLevel CRM, automation, and web systems for clients worldwide, end to end.
- Design AI voice and chat agents, revenue recovery and lead nurture systems, funnels, websites, and custom integrations over APIs and webhooks.
- Own every build solo: architecture, development, testing, documentation, and ongoing maintenance.

Filipino Creazione De Mano, Inc. — Operations & Marketing Manager

Mar 2015 – Dec 2019

Manufacturing & production operations

- Ran end to end operations: inventory, production coordination, supplier management, and order processing.
- Led marketing and brand, working with artisans and coordinating cross functional teams.

Creative8 Marketing Solutions — Operations & Marketing Head

Jan 2013 – Feb 2015

Marketing agency

- Owned marketing strategy, brand positioning, client acquisition, campaign planning, and lead generation.

CERTIFICATIONS

- Google Ads Search Certified (2024)
- HubSpot Inbound Marketing Certified (2024)
- Digital Marketing, Cambridge International Qualifications / UniAthena (2024)
- Lean Six Sigma White Belt, Six Sigma PH / Minitab (2024)

EDUCATION

- BS Business Administration — Business Management (Marketing), St. Francis of Assisi College, Las Piñas (2008–2012)
- BS Information Technology, Informatics College, Alabang (2004–2008)
- Diplomas in Professional Culinary Arts and Information Technology

Client Portfolio

A selection of the 238+ clients served worldwide. Live, clickable systems at bvnofficial.com/clients.

TintGard Australia · Window tinting	Full GHL + ServiceM8 build, four pipelines, A2P, AI voice agent, custom webhook sync, affiliate program.
Hypersonic Wholesale UK · Amazon FBA	Multi division AI automation, transcript to Claude to Notion knowledge base, human in the loop messaging.
Team Titans UK · Property investment	Entire GoHighLevel system: memberships, tiered checkout, pipelines, and follow up automation.
Warm Up Guys US · Live entertainment	Intelligent inbound SMS system: AI location extraction, capped asks, and tour radius broadcasts.
Troy Curtis Entertainment US · Events	AI booking platform with a master event record and multi portal experience.
SimpleLeads / Epping Fencing Australia · Trades	GoHighLevel dashboard plus budget and zoning workflow build.
ProGard Films E-commerce	Next.js, Supabase, and Stripe storefront build.
Peer Landscaping US · Landscaping	ServiceTitan integrated with GoHighLevel, systems built from the ground up.
Regal Phone & Payments US · Care operator	Twilio to LeadConnector AI phone and payments architecture.
DOST-STII Philippine government	FY 2027 content production and promotion proposal for STARBOOKS and Project ONEOwl, with a live command center.

PROJECTS & BUILDS

- bvnofficial.com — a full production Next.js, React, and Supabase application, designed and coded solo.
- [Interactive client demos](#) — a library of live, clickable systems: AI revenue recovery engines, AI voice dialers, an n8n automation pipeline, a Retell to ServiceTitan dispatcher, and more.
- **GoHighLevel CLI** — a terminal tool with Python builders that compile and deploy GHL workflows programmatically via the API. [\[github\]](#)
- **Course platforms** — built two brand GoHighLevel course experiences (brand switcher, course player) and membership / student areas.

FREE APPS & TOOLS I BUILT
